Beowulf

Beowulf. [Translated by Francis Barton Gummere].This is a short but beautiful book, and the Gummere translation really captures the feel of the Old English. Beowulf tells the story of a mysterious young warrior who saves the Spear−Danes from the terrible monster Grendel and his venomous mother. Long a mainstay of English Literature 101 courses at universities around the world, it is not only one of the oldest, but one of the most exciting English folktales ever invented.
